

Sanguine Portrait Drawing – Student Supply List

This is a suggested list — items are not brand-specific. Feel free to bring what you already have. If you need to purchase supplies, I've included links to Blick, but you can find items locally at Blick, Hobby Lobby, or Michaels. Some items are optional. For sketch paper, anything you have around the house will work for warm-up exercises. I'll have a few supplies available to borrow in class. Cheers!
